

# AMERICAN CONCRETE PUMPING ASSOCIATION

## Position Paper

### Pumpable Mixes

It is the position of the American Concrete Pumping Association that the material supplied be pumpable by the equipment ordered.

*This is a position on only one aspect of concrete pumping, informed by the collective experience of leading technical personnel in the industry. Contractors, pumpers and others at the site have ultimate responsibility for safe and effective performance of the job. The American Concrete Pumping Association expressly disclaims any responsibility for damages arising from the use, application, or reliance on this position and information contained herein. Manufacturer's recommendations supersede any and all information provided by the ACPA.*
