Safety Poster: Driving Hazard

Rear-end collisions are the most common traffic accidents with concrete pumps. It takes a lot longer to stop a pump than a car. Remain alert and follow extra distance between you and the vehicle you're following. 22" x 17"

Member	\$4.00
Non-Member	\$10.00

Safety Poster: Getting a Spotter

Whenever power lines are in the area to be poured, insist on a dedicated spotter before unfolding your boom. 22" x 17"

Member	\$4.00
Non-Member	\$10.00

Safety Posters Continued

Safety Poster: Hose Whipping Hazard

When first starting, after moving the pump, or whenever air may have entered the line, keep everybody a reasonable and prudent distance away from the discharge hose until concrete is flowing smoothly. 22" x 17"

Member	\$4.00
Non-Member	\$10.00

Safety Poster: Power Line Hazard

Maintain at least a 20-foot clearance from power lines (50 feet above 350Kv). 22" x 17"

Member	\$4.00
Non-Member	\$10.00

Safety Poster: Texting/Mobile Device Warning

Never text or talk on your phone while driving or operating the concrete pump. 22" x 17"

Member	\$4.00
Non-Member	\$10.00

Safety Posters Continued

Safety Poster: Tipping Hazard

Outriggers must be completely extended and the unit jacked to within 3 degrees of level, as described in the operation manual. 22" x 17"

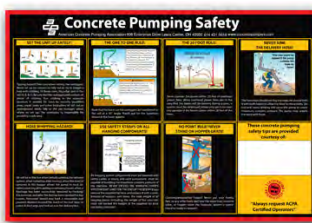

Member	\$4.00
Non-Member	\$10.00
